Dear Mare Owner,

We want to thank you for considering *Wedderlie Marmaduke for your mare. We are excited to see what this wonderful young stallion will produce, and are looking forward to seeing our first foals by him in 2012. Watch our web site for details!

Marmaduke is an outstanding young stallion with an outstanding pedigree. He is the only son of Moelview Mohawk in North America, and is out of a daughter of Royal Welsh Champion Eyarth Beau Geste. He is bred in the purple and is already proving himself in the show ring. He is very typey, with a beautiful head and neck and plenty of body. He has excellent bone and substance and we are looking forward to seeing him produce in the years ahead.

Please find our breeding contract below, along with the details for ordering cooled, shipped semen. Please review our contract and shipment information, and do not hesitate to call or e-mail if we can answer any questions for you.

Our utmost concern is getting your mare in foal, so we are happy to assist you in any way possible to achieve our mutual goal. Your success is our success! We look forward to working with you!

Best Regards,

Gretchen Aitken

2012 SHIPPED SEMEN BREEDING CONTRACT

This agreement, made and entered into this _____ day of _____, 20____, is between Family Partners LLC and

Name Address City/State/Zip

Telephone Numbers: _____

Hereinafter known as "Mare Owner".

Agrees to breed the mare _____, Reg. No. _____

Color: _____ Breed: _____

to ***Wedderlie Marmaduke**, during the 2012 breeding season, via cooled, shipped semen. Mare owner will pay a stallion service fee of \$_____, which includes the booking fee of \$300. The booking fee is payable with this contract, and reserves a shipped semen breeding for said season. **The booking fee is non refundable will not be applied to a breeding during subsequent seasons.**

This agreement is subject to the following conditions:

Semen will not be shipped prior to payment of the booking fee and balance of the stallion service fee. Semen collection fee (\$150.00), Equitainer rental fee (\$45.00), and FedEx shipping charges* (\$120.00 Monday through Friday, add \$20 for Saturday delivery, or you may provide your own FedEx account number) must be paid prior to shipment. We will use the Federal Express Priority Overnight procedure. The mare owner will also pay for collection and shipping fees for subsequent shipments (if needed). While we strive for quality and timeliness, no guarantee is given with regards to quality and no guarantee is given as to the responsibilities undertaken by FedEx to assure a timely delivery. The semen transport container must be opened and artificial insemination performed **ONLY** by a licensed veterinarian. All veterinary fees incurred by the mare owner for palpation, ultrasounds, insemination, etc. shall be paid by the mare owner.

**Subject to change with current FedEx rates.*

The semen transport container (Equitainer) shall be returned via FedEx or UPS at the earliest possible time. A fee of \$45 shall apply for the first 7 days, and a fee of \$20 per day for every day after. If the Equitainer or any of its components are missing, mare owner's credit card shall be billed for replacement.

The breeding season shall commence on February 1 and continue to August 1. (Special circumstances may extend the breeding season. Please inquire if you need a shipment past the date.) A one week advance notice of the estimated date of collection would be appreciated. When the mare is ready for impregnation, contact should be made with Family Partners LLC at least 24 hours prior to the requested collection date, but no later than 10 am on the day of collection. We cannot guarantee shipment on same day requests, though we will make every effort to accommodate you.

Collection and shipping are subject to the show season, and semen is shipped on a first come, first served basis. Please contact us for show dates. **Semen can be shipped Monday through Friday for overnight delivery.**

The mare must be healthy and in sound breeding condition. A copy of the mare's registration papers (if applicable) must be included with this contract. The mare owner agrees to use the shipped semen to breed **only** the mare listed in this contract, in accordance with this contract. Should the mare owner breed a mare other than the mare named in this contract, mare owner shall be liable for an additional \$1000 charge per half Welsh foal and a \$1500 charge per full Welsh foal. Mare owner agrees to pay this, should an additional mare be bred outside of this contract. A breeding certificate for any foal will not be issues until all fees are paid in full.

If the mare is determined to be unsuitable for breeding, the mare owner may substitute a new mare, subject to acceptance of a new breeding mare by Family Partners LLC. This substitute mare shall be bred under the same terms and conditions as the original mare, as stated in this contract.

This contract provides for a return breeding for the following season (fee \$200), for said mare (or agreed upon substitute) that fails to produce a live foal. "Live foal" is defined as one that stands and nurses. It is understood that if the mare proves barren, aborts her foal, or if foal is stillborn, a return season will be guaranteed for the following 2 seasons only, for a total of 3 consecutive breeding seasons, providing proper notification is given. Proper notification shall be defined as follows: Written certification by a licensed veterinarian within seven days that the mare has slipped or produced a non-viable foal. This will be satisfied by re-shipping semen at the mare owner's expense (collection and shipping fees). This contract is good for one live foal within 3 consecutive breeding seasons and a breeder's certificate for that one foal.

The live foal guarantee mentioned in the paragraph above is expressly contingent upon the mare owner properly caring for the pregnant mare. Proper care shall include, but shall not necessarily be limited to, proper feeding and nutrition, regular deworming with products approved for pregnant mares, vaccinations that are customary in the mare owners geographical area, and proper intervention during foaling if necessary.

A breeding certificate for registration with the Welsh Pony & Cob Society of America shall be provided to the mare owner upon request after the birth of the foal.

Family Partners LLC, its officers, directors and shareholders shall not be responsible for any sickness, disease or injury, or death which may come to the mare as a result of breeding with shipped semen.

When the mare owner signs and returns this contract, it becomes a binding contract on both parties, subject to the above terms and conditions. This contract is not transferable or assignable without written permission. The mare owner irrevocably agrees that his/her sole recourse against Family Partners LLC with respect to the performance or non-performance of this contract is return of the stallion service fee, less the booking fee. Stallion services fees are not refunded unless the stallion dies or becomes unfit for service. In that eventuality, the mare owner may choose a refund of the service fee, or choose a breeding to another stallion owned by Family Partners LLC.

The terms of this contract shall be governed by the laws of the State of Oregon. Faxed copies shall be treated as originals.
