Cell Phone Number/ Home Phone Number

I (Mare Owner/ Lessee), confirm my booking to the stallion, for the 20____ breeding season for the mare, _____ and agree to pay the \$_____ stallion service fee (in which a \$100 non-refundable booking fee is included). I hereby agree to the terms listed below:

1. **Transfer of Booking:** Mare is booked specifically by name; the breeding may not be transferred to another mare without *prior written consent* of Stallion Owner. In the event that the Mare Owner no longer wishes to use the breeding, Mare Owner may request a refund of the Service Fee (*which DOES NOT include the \$100 booking fee*), or Mare Owner may choose to sell the breeding with written consent of Stallion Owner. *No collection or shipping charges will be refunded.*
2. **Hold Harmless:** Stallion Owner, his/her agents, and employees shall not be held liable for injury, sickness, or death suffered by any animal for any cause whatsoever. Stallion Owner shall not be responsible for any costs incurred by Mare Owner in breeding of "Mare", regardless of whether or not a foal is produced. Mare Owner specifically asserts to such condition, and waives each and every claim for damages resulting from any injury, death, or disability.
3. **Terms:** The Service Fee is due before any semen is shipped. Your position in the book will be held upon receiving payment of the Booking Fee (\$100). The Service Fee in its entirety must be received before any semen is shipped. Should you opt for an "Equitainer", rather than a disposable shipping container, *it must be back in our*

hands within 10 days, or an additional \$10/day fee will be applied. We hold a \$150 deposit on Equitainers. Disposable shippers are used only once, and you will receive a new one each time semen is shipped (there is no need to send it back- simply throw it away when you are done), it is included in the collection fee of \$250, as are the shipping expenses. We do everything in our power to supply Mare Owner with top quality fresh cooled semen; however, we are not responsible for anything that happens during shipping. We ship off quality semen each and every time, but whatever happens after that is out of our hands. You will receive a data sheet with your semen shipment.

4. **Live Foal Guarantee:** The Live Foal Guarantee states that the foal stands, nurses, and survives for 30 days after the foaling date. In the event that the foal does not survive for 30 days, a Veterinarian Certificate must be sent to the Stallion Owner stating the date of birth, and the date and cause of death, as well as being notified within 5 days of death. Mare Owner will get another breeding at no additional charge if all above conditions are met. Mare Owner will be responsible for all collection and shipping costs once again.
5. **Mare's Reproductive Health after Repeated Shipments:** In the event that after four (4) shipments of semen were made for Mare, and she is still not in foal, we reserve the right to request a current uterine biopsy and cytology/ culture before any additional semen is shipped. We will ship for four (4) consecutive seasons following the initial booking. Example: Mare is booked in 2012; we will ship semen until 2016.
6. **Stallion death, Relocation or Infertility:** In the event that Stallion dies, is relocated, or in any other way becomes unfit for service prior to servicing Mare, your booking fee, and the stud fee will be refunded. No collection or shipping charges will be refunded.
7. **Stallion Availability:** Stallion is collected Monday-Friday, excluding Holidays. We ask that your request for semen be made by 8pm the night prior to semen shipment is needed. In the event that your vet checks the mare the following morning, and decides to wait another day, that is fine. We just require advanced notice to inform the collection station. Breeding season for all stallions at Secret Ambition Stables runs from February 15th to September 15th.
8. **Live Cover:** Stallion is available Live Cover only by discretion of Stallion Owner. Mare will be required to have a culture done prior to breeding. Board costs are \$12/day for a dry mare, \$16/day for a mare with a foal at side. Mare Owner will sign an additional "Boarding Contract", and will be required to pay any Veterinarian charges for sedation of mare, which will be at Stallion Owner's discretion. Stallion Owner will be held harmless for any injuries, sickness, or death suffered by any animal in the event of a Live Cover breeding as well.

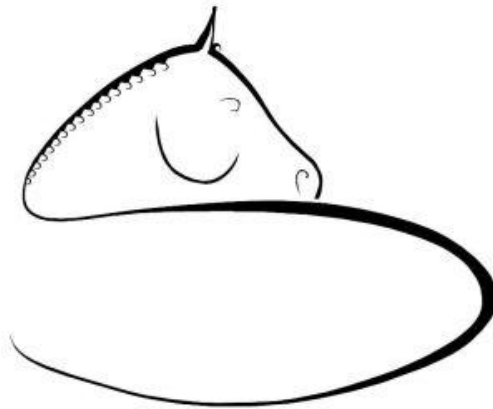

9. **Right of Stallion Owner to Reject Mare:** Stallion Owner reserves the right to refuse service to any mare that has been exposed to another stallion within 42 days, as per the rules of the Welsh Pony and Cob Society of America.
10. **Breeding Certificate:** Stallion Owner will provide Mare Owner with a Stallion Service Certificate from the Welsh Pony and Cob Society of America.

By signing below, both parties are entered into this agreement, and fully understand the terms of the BREEDING CONTRACT.
